## Name Change Announcement

Dear CUSV/NSU Family Members and Friends,

April 23, 2020

I am excited to announce the name change of Nine Star University of Health Sciences (NSU) to **California University-Silicon Valley (CUSV)**.

In November 2019, NSU Board of Directors passed the proposal of institution name change, On April 10th, ACAOM approved our name change request.

Since 2008, NSU has built up a very good foundation of the institutional establishment, CUSV will launch a new phase of its development and expansion. We sincerely appreciate the powerful support from all of our board members, faculties, administration officers, staff, alumni, students and friends! Although the previous name has served us well, it no longer captures who we are and what we will do. While we remain the mission and education objectives, and CUSV will make them more ambitious and achieved! Of course, it still needs your continuing support. All of our students will be more satisfied with your study in CUSV and you will be more proud of your future's achievement in TCM practice. Our teaching fellows will continue to be the cornerstone of our university, and our students will play an important role in making your/our dream come true. The new name also marks the new image and new philosophy of our university. You can tell it from our logo design: It symbolizes:

- 1) *Yin/Yang, Five Elements form a strong university;*
- 2) *People from around the world, hand in hand, come to our university;*
- 3) *Everybody in our university is very happy, they cheer, they smile;*
- 4) *Studying at our university means success, no matter where you will be;*
- 5) *Unite, we join together to make a better world!*

We're looking forward to this new stage in our continuing growth and evolution and hope you'll join us in celebrating this exciting milestone.

Warm regards

President, Philip Yang
